产品规格书

|              |              |
|--------------|--------------|
| <b>电气性能</b>  |              |
| 额定电压         | 600V         |
| 额定电流         | 115A         |
| 耐电压          | AC3500V/1Min |
|              |              |
| <b>机械性能</b>  |              |
| 温度范围         | -40°C—+105°C |
|              |              |
| <b>尺寸</b>    |              |
| 间距           | 15.0mm       |
| 极数           | 2P-10P       |
|              |              |
| <b>材质及电镀</b> |              |
| 塑体           | PA66 UL94V-0 |
| 焊脚           | 紫铜 镀锡        |
|              |              |
