

Product Details

Radiall 50 Ohm SHV RF Coaxial Cable Clamp Plug Connectors

50 Ohm SHV safe high voltage RF coaxial straight cable plugs with bayonet fixing, cable clamp termination, nickel plated brass body and gold plated center contact. These 50 Ohm SHV RF coax cable plugs have a test voltage of 10000 Vdc when unmated and a test voltage of 12000 Vdc when mated. The following RF coaxial cables can be used with these 50 Ohm SHV RF coaxial plugs: RG142 and RG58.

These plugs are not intermateable with the BNC or BNC.HT series

Radiall SHV RF Coaxial Connectors

Specifications

- ☐ Gender Male
- ☐ Contact Material Beryllium Copper
- ☐ Brand Radiall
- ☐ Contact Plating Gold
- ☐ Cable Type RG142, RG58
- ☐ Termination Method Clamp
- ☐ Body Plating Nickel
- ☐ Operating Frequency 0 → 2GHz
- ☐ Impedance 50Ω
- ☐ Series SHV
- ☐ Mounting Type Cable Mount
- ☐ Body Orientation Straight
