

## Model

Brand	Intel
Model	PILA8460MBLK20
Details	
Standards	IEEE802.3, IEEE802.3u, IEEE802.3x
<a href="#">Speed</a>	10/100Mbps
Connectors	1 x RJ45
Interface	PCI
BUS	32-bit PCI 2.2
On-board Memory	64KB
<a href="#">Wake On LAN</a>	Yes
Temperature	0°C ~ 55°C
Humidity	85% at +55°C
Windows Vista	Works with Windows Vista

## Features

### Advanced Management Capabilities:

- Wired for Management (WfM) 2.0 Enabled
- Wake on LAN and Desktop Management Interface (DMI) 2.0
- Intel PRO/100 Boot Agent
- Intel LANDesk Client Manager
- ACPI and PCI Power Management
- Intel PROSet II Utility

### Standards-based Networking:

- Intel SingleDriver Technology
- Supports All Major OSs and NOSs
- Backwards Compatible

### Industry-leading Performance:

- 802.1p Intel Priority Packet
- 802.1Q VLANs
- 802.3x Flow Control
- Adaptive Technology
